Mark Weiss Shulkin MD : 100 Years In America: A History of a Jewish family a century after Immigration before purchasing it in order to gage whether or not it would be worth my time, and all praised 100 Years In America: A History of a Jewish family a century after Immigration:

2 of 2 people found the following review helpful. A wonderful book.By Happymike21This is a charming, touching

and sentimental book. A real life multi generational family making their first 100 years from The Old Country to success in America. Weaving between historical context and true life examples, the stories of triumph and tribulations are heart warming. Jewish trials of integrating and adapting are both numerous and thoughtful. Mark Shulkin brings knowledge of Jewish history, psychology, and science as setting for many interesting family stories. From an understanding of a mother's devotion and singular grief for her child, a grandfathers secret and dangerous work helping his neighbors while risking the pogroms, to modern day success in all fields. A great read, I recommend it highly.

This is an entertaining history of a Jewish immigrant family during its first century in America. How tragic if one were to journey to his past without recognizing where he was! In this book, the present generation maps its current life as well as its memories of the past for the benefit of future generations who travel back in time.
