lessons, mythology, and herbs. It definitely helps me keep my supplies stocked. Some of the spells are my favorites and I keep them around when I want to do them again. 0 of 0 people found the following review helpful. Almanacs By Ollie Carman I have searched high and low for an Almanac like Llewellyn's Spell A Day, and nothing comes close. These books are great! Let me know if you see 2001 and 2002 available! :) 0 of 0 people found the following review helpful. Great book! By Cindy Enjoyed it thoroughly. I found some information useful for my path and some other information of no use. Would highly recommend to others.
