Lenni Brenner : 51 Documents: Zionist Collaboration with the Nazis before purchasing it in order to gage whether or not it would be worth my time, and all praised 51 Documents: Zionist Collaboration with the Nazis:

5 of 6 people found the following review helpful. Read Brenner's "Zionism in the Age of the Dictators" first!By Z.A. MrefuThis book collects translations of the primary source material that informed Brenner's groundbreaking classic Zionism in the Age of the Dictators. I definitely recommend reading that book first, and then picking up a copy of 51 Documents for a more in-depth look at Brenner's research.By the way, Brenner's work isn't any kind of conspiracy

theorist "secret history" nonsense (despite what some fringe people on both sides of this apparent controversy might have you believe). All of the history that Brenner documents is a matter of public record. Serious historians have no argument with Brenner's work, even if they disagree with him politically. The fact that some people are attacking him with such vitriol is very telling. I praise Mr. Brenner for his work and his life-long commitment to anti-racism. 10 of 12 people found the following review helpful. Collaborationism By Juan G. Yes, German Zionist jews collaborated with the Nazis after 1933. Read the documents presented in this book (and look for more in the Web or inside other books) to understand the reasons. Form your own opinion about this matter and compare it with the "officially sanctioned history". Something does not fit. 13 of 16 people found the following review helpful. Documents !... By m. juvenel History based on documents is difficult to refute and more books like this one should be known to establish the facts over propaganda. Should be required reading to all zionists...

This book brings to light, through the use of actual historic documents, the deservice that the Zionist did to Jews before and during the Holocaust.

About the Author Lenni Brenner has authored three critically acclaimed books on Jewish history: Zionism in the Age of Dictators, The Iron Wall: Zionist Revisionism from Jabotinsky to Shamir and Jews in America Today. He currently resides in New York City.
