**Dwight Goddard : A Buddhist Bible** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Buddhist Bible:

This is a professionally edited and typed version of the classic book, NOT a blurred facsimilie of the book. Buddhism is a religion and philosophy encompassing a variety of traditions, beliefs and practices, largely based on teachings attributed to Siddhartha Gautama, commonly known as the Buddha (Pali/Sanskrit "the awakened one"). The Buddha lived and taught in the northeastern Indian subcontinent some time between the 6th and 4th centuries BCE. He is recognized by Buddhists as an awakened or enlightened teacher who shared his insights to help sentient beings end

suffering (or dukkha), achieve nirvana, and escape what is seen as a cycle of suffering and rebirth.
