Some of the language is quite dated, and possibly offensive to the modern reader. (White Toughs and Yellow Toughs Meet the Champions of the World; Mohammedans). It does leave my kids wanting to read more about specific topics, which is a fantastic way to find their interests.The biggest problem I've had is with the edition pictured. I had no idea that it was missing chapters that are required reading for our history curriculum (History Odyssey). So, if you are needing to follow the HO curriculum, buy the other edition of this book.0 of 0 people found the following review helpful. Hillyer's work is perfect teaching. My son is 8 and daughter is 6 and they both love the book. It is definitely not dry like a text book.
