**From Brand: Stone Bridge Press : A Dictionary of Japanese Buddhist Terms** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Dictionary of Japanese Buddhist Terms:

0 of 0 people found the following review helpful. Good customer serviceBy YvonneGood customer service. The information is in the book but you have use the index and the appropriate language to get definitions.0 of 0 people found the following review helpful. A must have!By UnknownThis text is a fantastic resource. Highly recommend this book for any serious student of Asian philosophy or Buddhist thought.0 of 0 people found the following review helpful. Essential ReadingBy Shane Walton PfanmullerThis book is nearly impossible to come by, but you can find a

copy in the TOPIA residence in Tokushima Japan. Invaluable in studying the Japanese Buddhist thought.

Buddhism has permeated Japanese life and thought so deeply that knowledge of it is essential for a true understanding of any aspect of Japanese culture. This dictionary, with nearly five thousand entries on Buddhist terms, personal names, ceremonies, texts, and sects, will be of special interest to scholars and students of literature. Most entries have been drawn from such classics as *Shasekishu Kokon chomonju*, *Hojoki*, *Makura no soshi*, *Tsurezure-gusa*, *Heike monogatari*, and *Taiheiki*. Hisao Inagaki received a PhD from the School of Oriental and African Studies, University of London, and is a professor at Ryukoku University in Kyoto.

About the Author PG O'Neill is Professor of Japanese at the School of Oriental and African Studies, University of London, where he also obtained his Ph.D. in 1957 with a thesis on traditional Japanese drama.
