Nogendra Nath Mazumder : A History of Education in Ancient India (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of Education in Ancient India (Classic Reprint):

Excerpt from A History of Education in Ancient IndiaThe general outline of the book was first worked out in class-room lectures. It has subsequently developed into the present work. The subject-matter of the book is so complex that I feel it should have been undertaken by abler hands.The main object of this publication is to meet the demand for a small Hand-book that will give a clear and systematic account of the ideal and the system of education in ancient India, and also to remove some grave misapprehension that seems to exist about the Hindu ideals of education in the minds of some eminent foreign writers. Dr. Graves of the Ohio State University following Mr. Davidson remarks that "despite all the Hindu's fineness of intellect and his idealistic religion, India seems typically 'barbarian'". It is really unfortunate that such a remark should have come from such a man.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.comThis book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
