Ian J. Bickerton, Carla L. Klausner : A History of the Arab-Israeli Conflict before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of the Arab-Israeli Conflict:

1 of 1 people found the following review helpful. Five StarsBy RTSReads like a novel. Best written text book assigned to me this year. Absolutely loved the flow.0 of 1 people found the following review helpful. Five StarsBy TommyAs promised1 of 1 people found the following review helpful. Excellent, insightful and thorough!By ellieklaThis is an excellent, insightful, important and incredibly thorough examination of what has been one of the most prominent and misunderstood conflicts of our generation. The authors (historians/experts/professors) clearly know their stuff, and they maintain an objective and balanced perspective where others tend to follow emotions. I find this textbook to be a real resource - whether you read it cover-to-cover, use it to look up certain details, or just want a valuable overview of the subject through the Preface and Introduction.

Concise and comprehensive, A History of the Arab-Israeli Conflict presents balanced, impartial, and well-illustrated

coverage of the history of the Arab-Israeli conflict. The authors identify and examine the issues and themes that have characterized and defined the conflict over the past century tying in a twenty-first century perspective. The seventh edition exposes readers to recent events in the Middle East. Altering relations between Israel and neighboring states, political and religious uncertainty as a result of the Arab Spring and the increased scrutiny of Iran's nuclear program are explored in this updated edition.
