If you have no problems reading on your phone on the kindle app then its a 5/5. I bought this thinking i could use it on my windows tablet, apparently it has some sort of hate crime against windows kindle app though. Oh well, all in all best 20ish dollars i've spent on a book i hardly read.0 of 0 people found the following review helpful. Long praised by instructors and students for its accessible regional chapter structure, readability, and sustained attention to social history, the A History of World Societies, Value Edition, is a brief, affordable text that brings the past to life. The two-color Value Edition includes the full narrative of the comprehensive edition and select maps and images. Active learning and assessment options expand with use of the LaunchPad course space, which combines an e-book with a wealth of time-saving teaching and learning tools. LaunchPad comes with LearningCurve, an adaptive and automatically graded learning tool that students enjoy; when assigned, LearningCurve ensures students come to class prepared. Easy to integrate into your campus LMS, and featuring additional primary sources, summative quizzing, a video assignment and annotation tool, new autograded source-based questions, and a new set of discovery-oriented primary source projects, LaunchPad provides an easy and fun way to help students learn about world history while helping them make progress toward learning outcomes.
