It worked very well for my Global History class By Michael DeMarco I assigned this book for a Global History course I taught at a community college. The authors write well, and the book is very comprehensive of a wide range of Western and non-Western civilizations. In conjunction with additional materials such as outside reading, a PowerPoint presentation of my own, and films, it greatly helped my students' understanding of world history and greatly helped me in organizing the course. I highly recommend it to all students of

world history and educators. 0 of 1 people found the following review helpful. Five Stars By L.J. Great Book
