Brian Bocking : A Popular Dictionary of Shinto (Popular Dictionaries of Religion) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Popular Dictionary of Shinto (Popular Dictionaries of Religion):

0 of 0 people found the following review helpful. A Popular Dictionary of ShintoBy AshkaaA helpful book for individuals interested in learning about Shintoism, or Japanese culture.0 of 0 people found the following review helpful. THANK YOU!!!!By DevanThis is a wonderful book. It's very enlightening and quite a nice addition to the books I have. Thank you.0 of 0 people found the following review helpful. Get this book!By CustomerIf you are

interested in learning about (or more about) Shinto, this book is well worth the price. It may be a dictionary, but it is useful for far more than just looking up words occasionally. I am learning from every entry, and I love it so much I am actually reading it straight through! I have many books on Shinto, but with this dictionary, I am learning things those books did not even touch on. I am gaining a nice overall picture of the Shinto customs and ways, and I am able to use this book as a springboard for learning more. If you want to know more about a topic, on the Kindle, just click the word and search Wikipedia or Google and you'll find some beautiful photos of the shrines and shrine architecture, ritual items, festivals (matsuri), and so on. Go to the websites for the particular shrines discussed in the dictionary, and you'll start to get a much better understanding of shrines than you would just reading a book about Shinto shrines in general. What is great about the dictionary is that it has entries for Kami and shrines that are not normally even mentioned in other books about Shinto. This is one of my favorite purchases so far on the kindle, even though it was a bit pricy. It is worth it.

A comprehensive glossary and reference work with more than a thousand entries on Shinto ranging from brief definitions and Japanese terms to short essays dealing with aspects of Shinto practice, belief and institutions from early times up to the present day.

From the Back Cover This dictionary is a comprehensive glossary and reference work with more than a thousand entries on Shinto, ranging from brief definition of Japanese terms to short essays dealing with aspects of Shinto practice, belief, and institution from early times to the present.
