Hine has a great collection of workBy Ms. ButlerThis is one of the most comprehensive collections of achievement by Black women in these United States I've ever seen. That IN SPITE OF all of the turmoil in our lives. There's a woman in this book who pre-dated Madame C.J. Walker by 100 years, and

yet had a conglomerate hair products company, right on these shores. Free women were teaching slaves to read, and how to comport themselves properly for the day when they, too, would be free. There's so much real history that's hidden, left out and disregarded, in order to maintain the status quo. This book peels all of that away. Everyone who wants to know the truth about Black women should read it. Dr. Hine has a great collection of work, and I'm sure she's not finished yet.0 of 0 people found the following review helpful. The book gives me the insights on African American women ...By CustomerThe book gives me the insights on African American women in history. These women were incredible in terms of courage and accomplishments. I was a bit tired of the amount of details this book has to offer.0 of 0 people found the following review helpful. At the greatest moments and in the cruelest times, black women have been a crucial part of America's history. Now, the inspiring history of black women in America is explored in vivid detail by two leaders in the fields of African American and women's history. *A Shining Thread of Hope* chronicles the lives of black women from indentured servitude in the early American colonies to the cruelty of antebellum plantations, from the reign of lynch law in the Jim Crow South to the triumphs of the Civil Rights era, and it illustrates how the story of black women in America is as much a tale of courage and hope as it is a history of struggle. On both an individual and a collective level, *A Shining Thread of Hope* reveals the strength and spirit of black women and brings their stories from the fringes of American history to a central position in our understanding of the forces and events that have shaped this country.
