**Marylín Schwartz : A Southern Belle Primer: Why Princess Margaret Will Never Be a Kappa Kappa Gamma** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Southern Belle Primer: Why Princess Margaret Will Never Be a Kappa Kappa Gamma:

3 of 3 people found the following review helpful. Hilarious and very educational By Ms.Hitch This is a HOOT!! I keep it in my powder room and we often quote little bits of the stories in conversation. "She brought deviled eggs made with some kind of oil and mustard that she saw in a magazine. Everyone knew they weren't real". I laugh out loud every time I open this gem. If you live in the South, know a Southerner, or have always wanted to be a Belle - BUY THIS BOOK NOW. Give it to all your friends too, you'll want them to laugh with you when you start quoting it, and believe me, you WILL quote this book. 1 of 1 people found the following review helpful. A humorous, if a bit dated, read on old Southern perspective By carnation If you have ever lived in the Old South, experienced Greek Life at a Southern school, or just been curious about the quirks of Southern culture, this book is a bit dated but the ideas in it still hold quite true! It's a hilarious anecdotal read that is both touching and ribbing at the same time. Explains the importance of being in the "right" sorority, having the "right" silverware pattern, life in the Junior League, and more....and how those decisions can follow you for the rest of your life. I thoroughly enjoyed it the first time, and have enjoyed picking it up and thumbing through it several times since. 0 of 0 people found the following review helpful. A Good Idea that Could be Improved By JCI I picked this book up because the title appealed to me. I thought that a book about strict standards of behavior and attire would be just the thing for someone weary of today's casual attire--you know, bulging midriffs (worn as if they were an accessory), piercings galore, and clothing that a third-world refugee would shun. The book succeeds in that it has plenty of pleasing tidbits regarding southern standards despite the fact that this edition is somewhat dated. But it could be better. It's disorganized; the author seems to modulate between seriousness and irony in haphazard fashion, as if she were unsure of which tone to choose; and the photos, culled no doubt from newspaper clippings, are a grainy black and white. I'm sorry, but you just cannot have a book about fluffy

gals and their fluffy habits and not have good photos. However, maybe these shortcomings are addressed in the newer edition. By the author of "It All Started with a Bicycle"

The Southern belle lives on, in a world of proprieties and protocols that would shame the Royal Family (and have). An uproarious guide to the manners, mores, and mystique of the legendary ladies of the South. What The Official Preppy Handbook did for the madras-and-penny-loafer set, A Southern Belle Primer does for the indestructible ladies from below the Mason-Dixon line.
