A Sword On the Land Revised, is an updated version of Pastor Bill Randles' 2013 book, which was written to show the significance of the "Arab Spring" in view of Bible Prophecy. Pastor Randles has explained the scriptural context for understanding the religion of Islam and it's significance in the last days and the events leading up to the great Tribulation and the Day of the LORD. The way he does this is by updating the ancient names used in the words of the Biblical prophecies, such as Edom, Moab, Ammon, Persia, Gog, Magog, Put and Ethiopia. Once these designations are updated it is easy to read these ancient prophecies as though one were reading the latest edition of the newspaper. The prophecies of Joel, Amos, Isaiah, Jeremiah, Obadiah, Ezekiel and Zechariah are shown to be startlingly relevant to our times. This book is designed to help the "man on the street" to grasp the implications of events in the Middle East and even spilling over into Europe and the Western World.
