Elie Wiesel : After the Darkness: Reflections on the Holocaust before purchasing it in order to gage whether or not it would be worth my time, and all praised After the Darkness: Reflections on the Holocaust:

1 of 1 people found the following review helpful. large, poignantBy Hugh MayI cannot add much to what has already been said by other reviewers about the heartrending content. Words are inadequate. I am deeply grateful for Wiesel's life's work.I just want to comment that, although only 48 pages long, this is a really large book at about 10.5 x 11.3 inches, which seems to bring the poignant photographs closer. It is a book to brood on slowly as it affects the heart and mind. I hope it will inform us in our present sorry world to work for justice.0 of 0 people found the following review helpful. Five StarsBy Thomas GuideraExcellent book by a very special author.0 of 0 people found the following review helpful. Five StarsBy edwincjonesA book everyone should read--- and no one should have to.

A poignant, powerful distillation of the Holocaust experience from the internationally acclaimed writer and Nobel laureate. In his first book, *Night*, Elie Wiesel described his concentration camp experience, but he has rarely written directly about the Holocaust since then. Now, as the last generation of survivors is passing and a new generation must be introduced to mankind's darkest hour, Wiesel sums up the most important aspects of Hitler's years in power and provides a fitting memorial to those who suffered and perished. He writes about the creation of the Third Reich, Western acquiescence, the gas chambers, and memory. He criticizes Churchill and Roosevelt for what they knew and ignored, and he praises little-known Jewish heroes. Augmenting Wiesel's text are testimonies from survivors, who recall, among other moments and events: the establishment of the Nuremberg Laws, Kristallnacht, transport to the camps, and liberation. With this book richly illustrated with 45 photographs from the U.S. Holocaust Museum, Wiesel proves once again the ineluctable importance of bearing witness.
