Robert A. Divine, T. H. Breen, R. Hal Williams, Ariela J. Gross, H. W. Brands : America: Past and Present, Volume 1 (10th Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised America: Past and Present, Volume 1 (10th Edition):

0 of 0 people found the following review helpful. Terrible Condition By Antonia DAmico There are literally sections of this book that will just FALL OUT if you don't handle it very carefully. Page 237 all the way to the back fell out of the book in a giant chunk and I had to just stick it back in there. Literally there is water damage all over this book and it looks like someone ran over it with their truck and threw it over a bridge just for good measure. I've never rented a book and had it come to me in this condition before. 0 of 0 people found the following review helpful. Four Stars By Bailey I bought this for school, idk what to tell you 0 of 0 people found the following review helpful. Bargain buy! By Midgetbaby1 Book came exactly as it was described.

Focuses students on the story of American history. America : Past and Present integrates the social and political dimensions of American history into one chronological narrative, providing students with a full picture of the scope

and complexity of the American past. Written by award-winning historians, it tells the story of all Americans elite and ordinary, women and men, rich and poor, white majority and minorities. MyHistoryLab icons are paired with images in the text for more thorough integration between the book and online resources. A better teaching and learning experience This program will provide a better teaching and learning experience for you and your students. Here's how: Personalize Learning The new MyHistoryLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.

"The approach transcends my outlook on teaching a survey course in American History. The text does a good job of incorporating new information and preceptions into the historical narrative without taking away from the standard history of various time periods. The authors do an excellent job of integrating social and cultural issues without overburdening the student reader." - James S. Taw, Valdosta State University "Sidebar essays highlight key moments in American History, and how historians interpret the past. It is a highly readable text, and an easy one to teach from in class." - John Howard Smith, Texas A&M University at Commerce "The narrative flow is exceptional and the chronological organization fits most of our instructors' teaching methods. The content balances strict chronology with good topical coverage and depth of coverage. I believe the book has one of the best structures and provides just enough social history but remains focused on the course of key events and persons. This book has such a great variety of online resources for the instructors and excellent online supplementary materials for the students." - Laura Matysek Wood, Tarrant County College, Northwest "This is by far one of the best organized, most readable textbooks covering United States history available on the market today. It makes my job much easier, knowing that as I advance through time in my class lectures, students can follow along in the textbook in a logical sequence with the much appreciated timelines in each chapter." - Richard B. McCaslin, University of North Texas
