Famous, Funny, Forthright Fabalous!By Trial by Combat!The first time I saw Studs Terkel he was being interviewed on national television as to some of his writings. He was so down to earth, personable, and funny that I enjoyed listening to every word of the answers to questions asked. I bought his book. He wrote about differing personalities and places where he enjoyed having been. It was most interesting to be vicariously on these trips with him. He charms his listeners and readers and audience. His book is a good investment for a rainy day.0 of 0 people found the following review helpful. Love this bookBy Josh TaylorBook has such great insight to others. Love the stories and glad I grabbed this one to keep on a bookshelf. Great reread along with Working.

"Here is the raw material for one thousand novels.incomparable."Margaret AtwoodIn this unique look at one of our most pervasive national myths, Studs Terkel persuades an extraordinary range of Americans to articulate their version of "The American Dream." Beginning with an embittered winner of the Miss U.S.A. contest who sees the con behind the dream of success and including an early interview with a highly ambitious Arnold Schwarzenegger, Terkel explores the diverse landscape of the promise of the United Statesfrom farm kids dreaming of the city to city kids determined to get out, from the Boston Brahmin to the KKK member, from newly arrived immigrants to families who have lived in this country for generations, these narratives include figures both famous and infamous. Filtered through the lens of our leading oral historian, the chorus of voices in American Dreams highlights the hopes and struggles of coming to and living in the United States.Originally published in 1980, this is a classic work of oral history that provides an extraordinary and moving picture of everyday American lives.

Here is raw material for one thousand novels in one medium-sized book!... Incomparable. Studs Terkel's done it again. -- Margaret AtwoodIn American Dreams, Mr. Terkel, a superb editor as well as the ideal listener... becomes Walt Whitman. -- John LeonardStuds Terkel has captured the melody of America. -- Nicholas Von HoffmanStuds Terkel shows America from the inside out -- a fascinating and revelatory portrait. -- Ronald SteelThe best of Terkel's works. A stirring, hopeful book. -- Robert Sherrill, front page, New York Times Book From the Inside FlapAmericans, their hopes, remembrances and achievements come alive in this bestselling collection by the Pulitzer Prize-winning oral historian.About the AuthorStuds Terkel is the author of eleven books of oral history, including the Pulitzer Prize-winning "The Good War." A member of the Academy of Arts and Letters, he was awarded the National Book Critics Circle Ivan Sandrof Lifetime Achievement Award in 2003.
