Lettie Gavin : American Women in World War I: They Also Served before purchasing it in order to gage whether or not it would be worth my time, and all praised American Women in World War I: They Also Served:

0 of 0 people found the following review helpful. excellent book. Delivered on-timeBy Trevor SteinbachJust what needed, excellent book. Delivered on-time!
0 of 0 people found the following review helpful. Five StarsBy EmInteresting historical cross section of WWI women.
0 of 2 people found the following review helpful. Great DealBy Spends To MuchNeed it for a college course, was offered at a great price much cheaper then the campus bookstore. Arrived in a timely fashion.

Interweaving personal stories with historical photos and background, this lively account documents the history of the more than 40,000 women who served in relief and military duty during World War I. Through personal interviews and excerpts from diaries, letters, and memoirs, Lettie Gavin relates poignant stories of women's wartime experiences and provides a unique perspective on their progress in military service. *American Women in World War I* captures the spirit of these determined patriots and their times for every reader and will be of special interest to military, women's, and social historians.

From BooklistGavin draws from the full range of possible sources for this excellent volume. The number of American women who served in World War I ran into the tens of thousands, with 11,000 "Yeomanettes" in the navy alone (they were the first U.S. women to officially don uniforms). Others included army nurses, doctors who volunteered as "contract employees," the "Hello Girls" who supplied the Signal Corps' telephone system with English-speaking operators (and were not recognized as deserving of pensions and other benefits until long after most had died), physical therapists, and the volunteers of the Red Cross and Salvation Army. One and all, they overcame sexism, racism, bureaucratic inertia, shells, gas, the Spanish influenza, long hours, short rations, and poor quarters to accomplish a prodigious amount of work. And they did all that without benefit of any "gender studies" concepts or jargon, from which Gavin's readable, highly recommendable volume is also blessedly free. Roland Green "Gavin draws from the full range of possible sources for this excellent volume. The number of American women who served in World War I ran into the tens of thousands. . . . [T]hey overcame sexism, racism, bureaucratic inertia, shells, gas, the Spanish influenza, long hours, short rations, and poor quarters to accomplish a prodigious amount of work."Booklist
