Gerald Massey : Ancient Egypt: The Light of the World : A Work of Reclamation and Restitution in Twelve Books before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ancient Egypt: The Light of the World : A Work of Reclamation and Restitution in Twelve Books:

1 of 1 people found the following review helpful. The Origin of the Bible Revealed By Customer I have had the book as a download for many years now and have bookmarked hundreds of the main points. It is absolutely essential for anyone studying the true origin of the Abrahamic Religions and the Egyptian Son of God Iosa, later called Iesus by the Greeks and then Jesus. It can be difficult at times to follow so much detail given by Massey but one can only understand some of the more 'mysterious' Bible Passages with a thorough knowledge of the Ancient Egyptian beliefs. I would go further and say that one can only understand the Bible if one can read Ancient Egyptian temple and tomb texts and know just how that language worked. There are mistranslations in the Bible from Ancient Egyptian which only become clear when the real meaning is known and how the mistranslation would have occurred. 1 of 1 people found the following review helpful. A MUST HAVE! By Dillon C Sawyer If you're looking to find the roots of religion this book is the first and last stop. Mysteries of the world explained. 1 of 1 people found the following review helpful. One of my favorite authors By Victor a seals ElWish I had a time machine and could go back to talk with Gerald Massey face to face. He was the man in his day.

With his earlier two series in Egyptology, Gerald Massey turned existing doctrine on its head to argue that not only had Egypt spawned human civilization, but that Egyptian mythology was the basis for Jewish and Christian beliefs. The culmination of his years at this particular intellectual pursuit, *Ancient Egypt: The Light of the World* is Massey's crown jewel. In this, the most philosophical (in both tone and concept) of his Egyptological works, Massey, ever the intrepid escort, leads a tour through thousands of years of sociological, cultural, and spiritual development, all the while pointing, with dazzling reason and persuasive prose, to a distant, common, Egyptian origin. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*.
