Jay P. Harmon, Advanced Placement : AP World History Crash Course Book + Online (Advanced Placement (AP) Crash Course) before purchasing it in order to gage whether or not it would be worth my time, and all praised AP World History Crash Course Book + Online (Advanced Placement (AP) Crash Course):

11 of 11 people found the following review helpful. An excellent and compact reviewBy James MishraA lot of AP review books are massive--they cover a lot of material. I have never been able to read one of those cover to cover.If

you want a small, easy to carry book that contains a wealth of information (but limits itself to the most important information), then this is the book for you. The only downside is that this book may not cover the topics in the same order as your textbook may have, but this is still an excellent review for the final AP World test. 1 of 1 people found the following review helpful. Helped me get a 5 By O. Mehta This book was really helpful for me. Although I did pretty well throughout the whole school year, I felt that I forgot most of the material by the time the AP Exam was close. I bought this book on a whim, read it twice, and crammed a week and a half before the exam. I just got the scores back a few days ago and the score I received on the exam was . I was seriously shocked; I thought that I would get a at most! I would seriously recommend this "Crash Course" Series. I also wanted to mention that I took the AP Euro test as well and reviewed the AP Euro Crash course. I felt like I knew less Euro than I did world, but studying this book helped me get a 4. I highly recommend these books for review. 4 of 4 people found the following review helpful. practice tests inaccessible By Timothy P. Buck II A chirpy, supercilious approach without real examples of test questions. Will make you think you are better prepared than you are

REA's Crash Course for the AP World History Exam - Gets You a Higher Advanced Placement Score in Less Time
