Too bad most of our politicians continue to ignore the signs. Thank God for all the Arab and Middle Eastern Christians who have been so diligent in their pursuit of truth. And the Muslims turned Christian who continue to teach us that Islamic Terrorism is real. Please read and be informed. Don't be fooled by the government's plan of always being "politically correct" and never having the courage to address any real terror we face. Our government is chicken and is leading us into believing there is no threat. They are cowards and don't want us to know any truths.3 of 4 people found the following review helpful.
