From Monash University Publishing : Asian Horizons: Giuseppe Tucci's Buddhist, Indian, Himalayan and Central Asian Studies (Monash Asia Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Asian Horizons: Giuseppe Tucci's Buddhist, Indian, Himalayan and Central Asian Studies (Monash Asia Series):

This gedenkschrift is published in honor of the great scholar of Asia, Professor Giuseppe Tucci (1894-1984). Through the work of present-day scholars, the book represents their efforts to maintain the impetus of the profound legacy left by Tucci. He is renowned to this day as a founding scholar in an extraordinarily wide variety of cultural disciplines (philosophy, religion, etc.), as well as being an explorer of hitherto largely unknown lands, such as Tibet. Giuseppe Tucci gained a deep knowledge of Asia through a familiarity with the people, the places, and the literature, and his contribution to modern scholarship is nothing less than remarkable. The book reflects the broad variety of topics in which Tucci himself displayed deep interest and serves as an homage to his work. *** Librarians: ebook available on ProQuest and EBSCO (Series: Monash Asia Series) [Subject: Asian Studies, Cultural Studies, Religious Studies, Philosophy]
