**Frank Joseph : Atlantis and Other Lost Worlds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlantis and Other Lost Worlds:

4 of 4 people found the following review helpful. We may have the answer?By Dane AllenThere has been more books written about Atlantis, than any other subject. I haven't read them all. However I have read my share. I believe ( Atlantis and Other Lost Worlds), is the best of the best. This book has made believable world wide connections to all cultures around the world. I think everyone believes there was a global connection many thousands of years ago. This

book puts it together. If you want to know the origins of world civilizations, this is the book for you....D0 of 0 people found the following review helpful. Food for thoughtBy B A ManningHistory as we were taught in school in not all the history of our collective cultures. This book can open your thinking to older histories of our world coming out with the advent of of all our technology and abilities to read the ancient texts left behind as keys to unlocking our truehistory of humankind.0 of 0 people found the following review helpful. atlantisBy Cecilygood book..although it kind of drags in places, lots of other lost civilizations though. in all, i would say it's worth reading

Learn about the major deep-sea expeditions, from the Mediterranean to the Caribbean seas, from the Atlantic to the Pacific oceans, and the startling discoveries made by scientists on the ocean floor. Out of these new finds emerge an expansive panorama of past civilizations.
