Silver RavenWolf : Halloween! (Holiday Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Halloween! (Holiday Series):

So I got another copy here. It came quickly and was in great condition. This book is great for someone who has a real interest in the traditions and history of Halloween. Also great for someone who practices the craft. I don't get into doing the spells and stuff, but some of the traditions and information is great. A few too many spells and recipes that I will never try, but still fun to have. I love the cute little illustrations on each page to make it feel a bit more magical. Its a good book for fun or for someone who is serious about the magick of Halloween.0 of 0 people found the following review helpful. From the Publisher The end of October is one of my favorite times of the year. Here in Minnesota the leaves have turned from green to yellow, orange and red, and blown to the ground, leaving bare trees silhouetted against the autumn sky. The air, as if sighing in relief from relentless summer heat, has turned to blustery chill. And it's time for one of the most fun holidays of the year, Halloween. There are two aspects to this holiday, the ancient spiritual traditions and the fun and silliness. Someone may jump out and yell, "Boo!" but the shrieks of surprise and fear turn into shrieks of laughter. All of this is covered in Silver RavenWolf's book Halloween. Whether you are eight or one-hundred-and-eight, you're going to love this book. If you are interested in the spiritual and historic side of Halloween, you'll find the history and lore of the holiday in these pages, including how the modern traditions evolved from the ancient ones. And if you're into fun, you'll find it here, too. There are all sorts of easy divinations to find out what the future will bring. You can do them with common items like a bowl of water or the pumpkin seeds from the jack-o'-lantern you carved. The book also gives recipes you can make, including Angel's Dreams and Wishes Pumpkin, Witches' Flying Mix and Sugar Snakes in Graveyard Dust. They're all tasty, easy-to-make, and delicious. Also included are spells for doing Halloween magick. You'll find love spells and protection spells, house blessing spells, prosperity spells and many more. On a serious note, you'll see how there is a long tradition of honoring the departed on this night of the year. You'll be able to perform these rituals, too. This is the most complete book ever on Halloween, and I think it is perfect of families and individuals alike.
