William Gould : Hindu Nationalism and the Language of Politics in Late Colonial India (Cambridge Studies in Indian History and Society) before purchasing it in order to gauge whether or not it would be worth my time, and all

praised Hindu Nationalism and the Language of Politics in Late Colonial India (Cambridge Studies in Indian History and Society):

William Gould explores what is arguably one of the most important and controversial themes in twentieth-century Indian history and politics: the nature of Hindu nationalism as an ideology and political language. Using an array of historical sources, he analyzes how it affected the secularist Congress in Uttar Pradesh on the eve of Independence, and how these ideologies fostered tensions between Hindus and Muslims, and the subsequent development of communal violence. This book is intended for students of colonial India as well as those interested in contemporary Indian politics.

"...provocative and important..." -American Historical "An important and long-overdue contribution to twentieth-century South Asian political history." -Spencer Austin Leonard, University of Chicago "With extreme care, Gould marshals a substantial amount of evidence to demonstrate that the Indian National Congress in the United Provinces...widely employed the languages of Hindu Nationalism in the 1930s and thereby established the grounds for Muslim estrangement from the Congress." -Brian K. Pennington, Maryville College, Religious Studies About the Author William Gould is a Lecturer in the Department of History at the University of Leeds.
