**From CQ Press : Historic Documents of 2013** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Historic Documents of 2013:

Presenting excerpts from documents on the important events of each year for the US and the world, this title includes approximately 70 events with well over 100 documents from the previous year, from official or other influential

reports and surveys, to speeches from leaders and opinion makers, to court cases, legislation, testimony, and more.
