0 of 0 people found the following review helpful. Print was too tiny to read. Had to return. By ChrisSad to say I returned this book. The book size was 9"x6" but when you opened it up the wording was 4"by 3-1/2" with tiny print. No way was this readable. Very disappointed as I know this had family information in it. Will have to search elsewhere.

Excerpt from Historical Encyclopedia of Illinois and History of Sangamon County, Vol. 2: Part Two, BiographicalIt is both interesting and instructive to rise above the generalization of history and trace, in the personality and careers of the men from whom it sprang, the principles and influences, the impulses and ambitions, the labors, struggles and triumphs that engross their lives. Here are recorded the careers and achievements of pioneers who, when the fullness of time had come, came from wide separated sources, some from beyond the sea, impelled by diverse motives, little conscious of the import of their acts, and but dimly anticipating the harvest which would spring from the sowing. They built their primitive homes. Toiling for a present subsistence while laying the foundations of private fortunes and further advancement.
