However, I would have liked to have seen more honesty as to the discrimination/hatred of Jews or indifference toward their tribulation as an international reality and not an isolated German issue. Most countries, including the USA we're accessories to the crimes as borders were closed to millions fleeing for their lives.0 of 0 people found the following review helpful. In *Hitler, God, and the Bible*, international evangelist and best-selling author Ray Comfort exposes Adolf Hitler's theology and abuse of religion as a means to seize political power and ultimately instigate World War II and genocide. This fascinating study mines the depths of Hitler's beliefs and convincingly argues that without Hitler's misuse of Christianity the Third Reich would not have had its legendary rise, resulting in the deaths of more than six million Jews. Highlighting Hitler's youth, his influences, and his path to seducing a nation, *Hitler, God, and the Bible* is a fresh, stinging reminder of the power of the cross and how its misuse led to the Final Solution.
