Holocaust: Holocaust Survivor Stories And Heroes Of Auschwitz (Volume 2):

0 of 0 people found the following review helpful. This book contains stories about the terrible suffering of the people during the Second World War.
By Jessica
This book contains stories about the terrible suffering of the people during the Second World War. It is really incredible that these are true stories of those who survived this hell. I knew something about the Holocaust, but now I have a complete picture of the horrors of the Second World War. The book is well done, and thank the author for this job because these things should never be forgotten, and never be repeated.
1 of 1 people found the following review helpful. It happened, you need to know about it.
By Robert E. Jastrow
This book is an anthology of the tales of Holocaust survivors. It contains little new research, opinion or discussions of why or how the Holocaust occurred or its overall consequences. However, having said this, I would recommend this book to those who may not know much about the Holocaust. It will give them some idea of what Jews faced under the Nazis, and is therefore a good place to start learning about the Holocaust.
1 of 1 people found the following review helpful. Well written!
By Justme
I've read several books that are similar to this one and most are not very organized and with little attention to good grammar. I felt that this book contained succinct fact filled stories with informative conclusions. I felt it was quite well done. While the stories were awful to imagine, they needed to be told. Good job!

True Stories Of Prisoners Surviving The Holocaust: Holocaust Survivor Stories And Heroes Of Auschwitz
The Holocaust, (called Ha-Shoah in Hebrew) refers to the state sponsored murder and persecution of about six million Jews by the German Nazi regime and its collaborators, leading into and during the Second World War. The word itself means, Sacrifice by fire. In 1933 the population of Jews in Europe was about nine million. After Adolf Hitler came to power on a campaign of aggressive foreign policy, focus on domestic unification and the idea of racial superiority - nearly two thirds of the Jewish people in the continent had perished. The Final Solution to the Jewish Problem was, of course, murder. Although Jews, who were seen by Hitler and the Nazi regime as primarily responsible for Germany's capitulation in the First World War, in addition to being inferior as a race, were the primary targets, several other demographics also received attention during the holocaust. The knowledge that even though the contents shall be often-times shocking and heart-wrenching, this chapter in human history needs to be read and processed by us to prevent such a heinous crime from ever happening again.

About the Author
Cyrus is a very avid history buff but his biggest joy is the interesting history of our World War's. For the last 2 decades Cyrus has dedicated himself to continue learning and applying his knowledge to his books. His books are written from an angle so as to give the reader maximum entertainment and information in the most effective format. Cyrus believes the more you learn the more you grow, so he always instils that in every book he writes. Cyrus likes to call Ireland home where he spends his spare time hiking and enjoying the countryside with his family. If you love war history then be sure to check out his books below.
