homosexuality and pedophilia are rampant in the Roman Catholic church. This book is about evil throughout history and how it interconnects. Exposes connections between cults and Islam. Amazingly, written by a 16 year-old son of a former Muslim terrorist, *In Satan's Footsteps* will make you re-think a lot of your existing paradigms about the history you've been taught.

From the Inside Flap This book is about evil throughout history and how it interconnects. Exposes connections between cults and Islam. Amazingly, written by a 16 year-old son of a former Muslim terrorist, *In Satan's Footsteps* will make you re-think a lot of your existing paradigms about the history you've been taught. About the Author Theodore Shoebat is the son of Walid Shoebat, former PLO member and Muslim Brotherhood activist. At age 16, Ted released his first book, *In Satan's Footsteps*. He grew up in the US and attended public schools. Because of his conservative and religious upbringing, he often struggled with his teachers and fellow students. He personally witnessed Holocaust denial, anti-Semitism and anti-Zionism in the schools and his defense of Israel and the Jewish people made him a target of ridicule and mockery.
