Carmel McCaffrey, Leo Eaton : In Search of Ancient Ireland: The Origins of the Irish from Neolithic Times to the Coming of the English before purchasing it in order to gage whether or not it would be worth my time, and all praised In Search of Ancient Ireland: The Origins of the Irish from Neolithic Times to the Coming of the English:

0 of 0 people found the following review helpful. Interesting history
By M. Turner
I read this in preparation for a vacation in Ireland. It's not a page turner but it is very interesting and gave great context to what I saw in my visit. Ireland is deeply rich in culture and heritage, and this book gave me a lot of color during my visit. Still, you really have to be there to wrap your head around the megalithic tomb at Newgrange and the impact of the Vikings on Dublin. Definitely worth the read if you're a history geek.
2 of 2 people found the following review helpful. Very Helpful and Alive Discussion
By Pammie
A very helpful and alive discussion of basic general misunderstandings of early Irish history (e.g. Later arrival of Celts, and their gradual and peaceful arrival in Ireland). Brings matters up to date by introducing current Irish historians and cultural experts, and taking the reader on actual treks to the key ancient sites.
0 of 0 people found the following review helpful. Absolutely fascinating!
By M Ryan
Absolutely fascinating. The historic struggles and incredible successes of the Irish for centuries before the assertion of England over Ireland makes for superb reading. Particularly intriguing is the way ancient beliefs and sacred places retained their status as kingships and governance changed through time. The Irish really did save civilization-- what a tragedy that a truly foreign system was imposed over a very functional one. But, that's history everywhere, isn't it.

This engaging book traces the history, archaeology, and legends of ancient Ireland from 9000 B.C., when nomadic hunter-gatherers appeared in Ireland at the end of the last Ice Age to 1167 A.D., when a Norman invasion brought the country under control of the English crown for the first time. So much of what people today accept as ancient Irish history—Celtic invaders from Europe turning Ireland into a Celtic nation; St. Patrick driving the snakes from Ireland and converting its people to Christianity—is myth and legend with little basis in reality. The truth is more interesting. The Irish, as the authors show, are not even Celtic in an archaeological sense. And there were plenty of bishops in Ireland before a British missionary called Patrick arrived. But *In Search of Ancient Ireland* is not simply the story of events from long ago. Across Ireland today are festivals, places, and folk customs that provide a tangible link to events thousands of years past. The authors visit and describe many of these places and festivals, talking to a wide variety of historians, scholars, poets, and storytellers in the very settings where history happened. Thus the book is also a journey on the ground to uncover ten thousand years of Irish identity. *In Search of Ancient Ireland* is the official companion to the three-part PBS documentary series. With 14 black-and-white photos, 6 bw illustrations, and 1 map.

Well-written...informative...new and fascinating material challenging many myths. (Lawrence J. McCaffrey, Emeritus Professor of History, Loyola University of Chicago)
Your search for the roots of Irish history and culture begins here, with this marvelous book. (Terry Golway *The New York Observer*)
Journeys across the centuries to explore fabled Erin's remarkable past and uncover the real story behind the island nation's rich global legacy. (Irish Connections)
In bite-sized morsels that accommodate the busy lives of modern readers *Search* tells us about both the major figures central to momentous events and the daily lives of commoners. (Richmond Times-Dispatch)
As much as can be excavated or deduced of ancient history is superbly featured with a wealth of fine detail in this fascinating and highly readable resource. (Library Bookwatch)...A clearly recommended pick for anyone interested in an updated, scholarly research tool covering the latest truths about Irish history.... Provides an important gateway to understanding early Irish roots. (The Bookwatch)...An illuminating look at the new finds and scholarship and their place in Ireland's past... The deft and meticulously researched prose...brings ancient Ireland to vivid life. (BostonIrish.Com)
A great story, interesting to read and appealing to anyone with an interest in Ireland...A readable history...poignant, not pedantic. (Virginia Garnett Carroll County Times)
From the Publisher
This engaging book traces the history, archaeology, and legends of ancient Ireland from 9000 B.C., when nomadic hunter-gatherers appeared in Ireland at the end of the last Ice Age—to 1167 A.D., when an Anglo-Norman invasion brought the country under control of the English crown for the first time. So much of what people today accept as ancient Irish history—Celtic invaders from Europe turning Ireland into a Celtic nation; St. Patrick driving the snakes from Ireland and converting its people to Christianity—is myth and legend with little basis in reality. The truth is more interesting. The Irish, as the authors show, are not even Celtic in an archaeological sense. And there were plenty of bishops in Ireland before a British missionary called Patrick arrived. But *In Search of Ancient Ireland* is not simply the story of events from long ago. Across Ireland today are ancient sites and folk customs that provide tangible links to events thousands of years past. The authors visit and describe many of these places, talking to a wide variety of historians, archeologists and language scholars, in the very settings where history happened. Thus the book is also a journey on the ground to uncover ten thousand years of Irish identity. It is all here, from the Celtic culture to the rise of the uniquely Irish Christian spirituality to the final chapter which deals with the complex events that lead to the English invasion of the island. *In Search of Ancient Ireland* is the official companion to the PBS series of the same name.
About the Author
Carmel McCaffrey lectures on Irish history, literature, culture, and language at Johns Hopkins University. A native of Dublin, she founded the literary review *Wild About Wilde*. She has also written *In Search of Ireland's Heroes*. She is a Gaelic speaker and frequently travels back to Ireland. She lives in Mt. Airy, Maryland.
