Fiona Macdonald : In the Daily Life of the Ancient Greeks before purchasing it in order to gauge whether or not it would be worth my time, and all praised *In the Daily Life of the Ancient Greeks*:

0 of 0 people found the following review helpful. Grandson is enjoying
By Linda Townsend
Another of the 8 year old Grandsons reading material about Ancient Gods. He is enjoying the books about both the Greek and Egyptian Gods.
3 of 4 people found the following review helpful. useful introduction to the world of Greek gods
By Carol C.
The short text dedicates a two-page spread to each of the major Greek gods goddesses, providing information on the role of that god how he fits in to the very complicated family tree of Greek gods, with pages cross-referenced to other gods. In design layout, this book reminds me of the "Eyewitness" guides. I found myself wanting more information and wishing that the text were a little longer than 42 pages (not including the two page index) -- but perhaps that's just a sign I'm ready to advance beyond books written primarily for children. Overall, I think this is a fun, well-illustrated book that young people would return to time time again.

This exciting new series explores ancient life by examining the traditions and religious beliefs of each culture. Through photographs, illustrations, and cut-away, detailed diagrams, each book considers the way religious beliefs affected everything from food, drink, and entertainment to rituals surrounding birth and death.
