Devon Abbott Mihesuah : Indigenous American Women: Decolonization, Empowerment, Activism (Contemporary Indigenous Issues) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Indigenous American Women: Decolonization, Empowerment, Activism (Contemporary Indigenous Issues):

0 of 0 people found the following review helpful. Good book, has very good articles
By Dusty Ginner
Good book, has very good articles, and definitely talks about various tribes rather than focusing on Native women as a whole.
0 of 0 people found the following review helpful. Five Stars
By K. Anderson
Excellent cross-pollination of feminism and womanism in an indigenous context.
9 of 12 people found the following review helpful. Amazing scholarly work
By A Customer
The author has put forth a fine compilation of subjects which will challenge both those outside of Native America and within it's ranks to open their eyes to some harsh realities and true strengths of American Indian women. Highly recommend.

Oklahoma Choctaw scholar Devon Abbott Mihesuah offers a frank and absorbing look at the complex, evolving identities of American Indigenous women today, their ongoing struggles against a centuries-old legacy of colonial disempowerment, and how they are seen and portrayed by themselves and others.

"Particularly insightful, thought-provoking, and well-researched."--Rodney Frey, "Journal of American Ethnic History." -- Rodney Frey "Journal of American Ethnic History"
"Particularly insightful, thought-provoking, [and] well-researched."--Rodney Frey, "Journal of American Ethnic History,"
"Well worth reading to learn how a perceptive insider views the current state of Native affairs."--Lillian Ackerman, "Montana, The Magazine of Western History,"
"Her observations on research and writing about Native women are valuable reminders to other scholars in the field.. scholars whose research deals with Native women will find Mihesuah's "Indigenous American Women" a worthy resource."
"A powerful book about the impact of colonization on the indigenous peoples of North America.. These essays should be required reading in every research seminar.. And they clearly establish Mihesuah as a leading indigenous intellectual."
"Native and non-Native feminist scholars will find much to debate in this collection, which accomplishes its primary purposes--contributing to a growing body of scholarly literature by Indigenous women, confronting difficult topics frankly and directly, demonstrating ethical research, and providing catalysts for much-needed conversations about the complex nature of feminisms and activist agendas."--Amanda J. Cobb (Chickasaw), "New Mexico Historical"
"As many of these issues relate to decolonization, the legacy of colonialism, and feminism, the essays speak to a larger audience than just American Indian women or people involved with American Indian Studies. Those whose work spans both activism and scholarship are likely to find something of interest between these covers. The book may also help those who have little experience with activist-scholarship such as Mihesuah's work come to a better understanding of what she and others like her are trying to do."
About the Author
Devon Abbott Mihesuah is a professor of applied Indigenous studies and history at Northern Arizona University. Her books include *Cultivating the Rosebuds: The Education of Women at the Cherokee Female Seminary, 1851-1909* and *Roads of My Relations*.
