Andrew Wheatcroft : Infidels: A History of the Conflict Between Christendom and Islam before purchasing it in order to gauge whether or not it would be worth my time, and all praised Infidels: A History of the Conflict Between Christendom and Islam:

1 of 2 people found the following review helpful. Historical Background By Dshabs I like the fact that it gives me a background of information to evaluate the current situation and relationships between Christianity and Islam. I can't attest to the interpretation of events, but I do want to know the events that occurred. 0 of 1 people found the following

review helpful. Four StarsBy william moyerIt's a good book, just wish I could pronounce some of the names in the book better.0 of 1 people found the following review helpful. One StarBy Doug FoxPretty much a one-sided view.

Here is the first panoptic history of the long struggle between the Christian West and Islam. In this dazzlingly written, acutely nuanced account, Andrew Wheatcroft tracks a deep fault line of animosity between civilizations. He begins with a stunning account of the Battle of Lepanto in 1571, then turns to the main zones of conflict: Spain, from which the descendants of the Moors were eventually expelled; the Middle East, where Crusaders and Muslims clashed for years; and the Balkans, where distant memories spurred atrocities even into the twentieth century. Throughout, Wheatcroft delves beneath stereotypes, looking incisively at how images, ideas, language, and technology (from the printing press to the Internet), as well as politics, religion, and conquest, have allowed each side to demonize the other, revive old grievances, and fuel across centuries a seemingly unquenchable enmity. Finally, Wheatcroft tells how this fraught history led to our present maelstrom. We cannot, he argues, come to terms with today's perplexing animosities without confronting this dark past.
