Stephanie T McRae : Irma Grese: A True Account of the Holocaust's Deadliest Woman (World War 2 Short Read) before purchasing it in order to gage whether or not it would be worth my time, and all praised Irma Grese: A True Account of the Holocaust's Deadliest Woman (World War 2 Short Read):

0 of 0 people found the following review helpful. Vrry interesting.By Melody LuckI am a history lover, and thanks to

my grandfather being in WWII I find anything about the war to watch and or read. It is a short read but very good. Not much is out there about the women who took part (on either side) in the war. Thank you for getting some of those stories out there. 0 of 0 people found the following review helpful. Print is so light it is very difficult to read ...By teresa m tugadi Print is so light it is very difficult to read. Nothing to be learned that I could not find on Google.

World War 2, in particular the Holocaust, was responsible for bringing to light some of the most horrifying and unbelievable individuals, none more so than Irma Grese, a female S.S guard. Irma was initially stationed at Auschwitz and became one of the most ferocious and formidable women of her time, many would say of all time! This short read is an account of Irma's life and focuses on the facts around Irma Grese only, based on information provided by the people that knew her best and those that were unlucky enough to have come into contact with her and survived. Who was Irma Grese? Learn about this ruthless young lady, also known as the beautiful beast. An attractive woman with a propensity to kill in unusually high proportions. Discover Irma's surprising background and childhood compared to the mindset that she developed and understand how the circumstances in which she found herself would ultimately lead to the actions that made her so fearsome. It is well known that Irma was a member of the German SS guard and worked alongside other female guards, however here we focus only on Irma, since she was by far the most formidable. Read and discover: - How Irma lived in her younger years. - Who her influencers were. - Her love interests. - Stories of the punishments she inflicted. - Her criteria for selecting victims. - How her brutality was ended and her subsequent demise. - Her legacy. and more... Irma Grese was one of the most evil women to have lived Aushwitz in World War 2 was a haven in which Irma's bias for murder could be nurtured and allowed to flourish. Encouragement for torture and massacre would have been key to her development. Understand how these elements incorporated with Nazi brainwashing would have been enticing for a young lady who harbored a sadistic mindset at an impressionable time of her life. These elements provide the necessary ingredients to create a fierce lady with an unforgiving nature. How was Irma Grese captured and what was her fate? Discover the events that led to the end of Irma's murderous activities and how she was dealt with. Read about the historical trial and evidence, the trial's significance and eventual outcome. This short read is a fascinating, powerful and compelling account of a young, beautiful and innocent female whose savage tendencies were allowed to develop and ultimately surpass most males of her time.

About the Author Stephanie T. McRae is a writer, poet and passionate historian. Having spent many years as a research historian for various museums on the subjects of World War One and World War 2. As well as providing research for many media publications, Stephanie also has direct links to World War 2 having had family members serve directly in the war. Stephanie's passion and goal is to shine a light on those world war stories which have so far gone untold and the unsung heroes whose exploits are little known. In her spare time, Stephanie enjoys spending time with her two grandchildren and expressing herself through her writing.
