Also, anyone who is not a Christian who would like insight into what role ISIS is playing in world events and Bible prophecy should read the book. The book has a very helpful combination of in depth information about ISIS, Iran and Israel, which is paired with Scripture, to shed light on where some current events appear to be

heading in regard to Bible prophecy. I also agree that the information in the book is eye-opening. There are a lot of facts included in the book that I have not seen reported in the news. Some of these are included in the book as timelines and quotes—easy enough to verify. Also, the author makes some points in the book that need to be made that are not being made elsewhere, but are on a lot of minds. I'm glad Mark Hitchcock did not shy away from stating these points. I will be reading my copy again very soon. 0 of 0 people found the following review helpful. Want to understand what is happening in the Middle East? Read this! What's Next for the Middle East...and How Will It Affect Us? Iran has repeatedly declared its intention to destroy Israel. ISIS continues to gain ground, leaving a trail of death and terror in its wake. And Russia is inserting itself into Middle Eastern affairs in a power play prophesied long ago. ISIS, Iran, Israel is an updated edition of the book *Iran and Israel by prophecy scholar Mark Hitchcock*, with all-new information on ISIS, Russian involvement in Syria and Iran, and the state of relations between Israel and Iran. Hitchcock brings a strong biblical perspective to the latest conflicts, while answering important questions such as...Where did ISIS come from and why are its tactics so brutal? Are we on the road to the Apocalypse? Will there ever be peace in the Middle East? What can we expect in the days to come? How are events in the Middle East affecting America today? An eye-opening survey of where things stand and how it all ties in with Bible prophecy.
