**Iftikhar H. Malik : Islam and Modernity: Muslims in Europe and the United States (Critical Studies on Islam)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islam and Modernity:

Muslims in Europe and the United States (Critical Studies on Islam):

'Examines a long history of volatile social relations based on extensive travels and research across four continents ... Iftikhar H. Malik offers a wealth of case studies' -- The Middle East 'An admirable stocktaking of how Muslims came to be where they are today in the modern world. It is a tour de force through centuries and across continents' -- Erika Friedl, Islam and Christian-Muslim Relations About the Author
