John Esposito : Islam and Politics, Fourth Edition (Contemporary Issues in the Middle East) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islam and Politics, Fourth Edition (Contemporary Issues in the Middle East):

0 of 0 people found the following review helpful. Good BookBy CustomerBought this book for a College Paper and I found it very informational and factual. If you want to learn about Islam and the rise of the Islamic Political structures I would recommend this book.4 of 4 people found the following review helpful. Its a Fair ViewBy Sharrah RawshanaraThe book provides historical background as well as the context to understand Islamic Politics. It begins with how the early Muslims use their faith to shape Islamic Ideology for both state and society. The book also discusses the rise of Islam, the many empires that flourished and as well as declined. Lastly, The book nicely make its way out by talking about the modern fundamentalism. This book doesnt really convince one to take sides or anything like that. It just sheds a perspective on the basic timeline of Islamic Politics. One could grasp a scope on how much the Muslims deviates in modern times against the original Islamic societal principles and why so this happened.7 of 9 people found the following review helpful. Islam and PoliticsBy David KesslerAnyone who wants a clear understanding of the Islamic faith should read this masterful work! "[It] should be required reading for all diplomats, analysts, and students of the contemporary Middle East." American Arab Affairs

This work on Islam and politics updates major country case studies and adds coverage of Tunisia, Algeria, the Taliban of Afghanistan and HAMAS. It also addresses the issues of democratization and the clash of civilization debate.
