**Rooster Bradford : Islam: The Death Star** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islam: The Death Star:

0 of 0 people found the following review helpful. Informative. By J. B. Paley Informative. I learned a lot from it. Well researched. My only complaint was that this (first edition) was full of typos, misspellings, etc. which I found somewhat distracting. Wish the author was still alive to correct these in a subsequent edition.

Those who falsely tell us Islam is a religion of peace, must also be the ones who claim any disagreement is an insult to the Prophet. Rooster Bradford knows the Quran (Allah's words) does not say either. A history of Islam at war.
