Pepin Press : Islamic Designs from Egypt [With CDROM] (Agile Rabbit Editions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islamic Designs from Egypt [With CDROM] (Agile Rabbit Editions):

4 of 4 people found the following review helpful. Beautiful Pics...but no history
By N. Raukko
This is mainly a picture book with very little type or even explanations of the designs. It does have beautiful photographs but I was trying to find a book that included the history of Islamic tiles or instructions in designing them. It is a great book of examples, if that is what you are looking for.
3 of 3 people found the following review helpful. Designs only, no useful text
By D K
The files on the CD are JPEGs at 200 pixels/inch at about 7.7" X 7.8" Not high resolution by today's standards. No text, no references, no instructions
0 of 0 people found the following review helpful. fabulous design book.
By Maryanne Cummins
fabulous design book.

Islamic Designs From Egypt presents a collection of architectural ornamental designs originating from two of the most important cultural centres of the Islamic world, the mediaeval Egyptian cities of Cairo and Alexandria. Originally used as tiling and bas-reliefs for mosques, tombs and private houses, these designs constitute masterpieces of Islamic ornamental design that have lost none of their appeal today. In the present edition, the ornaments, borders and

interlocking patterns of this historical style are made available for contemporary use.
