Chase F. Robinson : Islamic Historiography (Themes in Islamic History) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islamic Historiography (Themes in Islamic History):

Chase Robinson's book is a timely introduction to Islamic historiography, from its origins in the seventh and eighth centuries to the fifteenth century. It covers the rise of the tradition, the historians' principal genres, assumptions and methods, and stresses the social and political functions of historical writing. It is an authoritative guide for students

with little or no background in Islamic history or Arabic.

"...a welcome addition to the vexed field of Islamic historiography. It provides a solid introduction for the new student and both refreshes and often offers innovative theories for the seasoned scholar." *Folklore Bulletin*"...provides an excellent thematic overview, while, at the same time, introducing the reader to some of the Islamic world's most fascinating histories and historians." *The American Journal of Islamic Social Sciences*"...provides an approachable study of one of the world's least-studied intellectual traditions...Essential. All academic collections." *Choice*About the AuthorChase F. Robinson is University Lecturer in Islamic History at the University of Oxford. His publications include *Empire and Elites after the Muslim Conquest: The Transformation of Northern Mesopotamia* (2000).
