Once you know that Islam is all about Mohammed, everything that follows begins to make sense. It all stemmed from Mohammed's sense of insignificance and bitterness, allied with the seventh-century view of the world and the belief in deities, gods, spiritualism. With this cultural understanding of the world, it was no great leap for Mohammed to turn his epileptic seizure symptoms (visions, lights) into visitations from his God and the archangel Gabriel. And from there, to make himself more important, to turn himself from a prophet who brings word of a personal God to Allah's Apostle, the last and best Messenger of God. And with this promotion, he was able to wreak havoc in the Arabian Peninsula, and exact a lot of personal revenge on everyone around him.Once the reader of the Sunna can read the Qur'an in chronological order, it is easy to see how Mohammed

developed his plans and shaped his religion from a fanatical form of belief into a rampaging political ideology. You need to read this. 1 of 1 people found the following review helpful. Wow what a cleanser By CustomerWow what a book. To the point. Slamming a certain religion with so well argued points and facts that you will tend to vomit on the deeds of the profet and his followers. Least you will feel that this certain religion that could not be even a least deserving moral code how can it end up like one of largest religion. Oh the power of sword. Men remain animals. 9 of 10 people found the following review helpful. Why is this not taught in history classes? By plengI have studied a lot of history, but never had I been informed about this entire era of Islamic expansion by violent savagery. Why is it not taught in our schools? I found the book fascinating, and I did a lot of cross checking to make sure it was accurate. It appears to be correct!

Since the September 11, 2001 attacks in the U.S. by Islamic terrorists in the name of Jihad, there has been much confusion and controversy about true nature of Islam, particularly its doctrine of Jihad. Author M. A. Khan, an ex-Muslim, shows in this book that Jihad is the central doctrine in Islam and it primarily calls for forced conversion, imperialism and slavery as per commands of the Islamic God, Allah. In this groundbreaking book, Khan demonstrates that Prophet Muhammad meticulously followed these misguided principles and established an ideal template of Islamic Jihad for the future generation of Muslims to pursue, and that Muslims have been perpetuating the same ever since. Apart from the true nature of Islam, particularly its doctrine of Jihad, and what it means to the modern world, this book will also enlighten the reader about: The core tenets of Islam and its history The propagation of Islam by force and other coercive means Islamic propaganda Arab-Islamic imperialism Islamic slavery and slave-trade And much more! In Islam, the commands of Allah are perpetual in nature, so are the actions of Prophet Muhammad. Jihadi violence has been the way to subdue and conquer the infidels, to convert them and to expand Islamic rule since Islam's birth fourteen centuries ago. And all indications suggest that it won't change anytime soon. Find out why in "Islamic Jihad".
