**Caroline Williams : Islamic Monuments in Cairo: The Practical Guide; New Revised Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Islamic Monuments in Cairo: The Practical Guide; New Revised Edition:

0 of 0 people found the following review helpful. Absolutely Essential for CairoBy George PurcellThis may be one of the favorite guidebooks I have ever used. The detailed maps and descriptions were fantastic for two days of wandering through Islamic Cairo--I was never lost and there was information on virtually everything I was seeing. Highly, highly recommended.0 of 0 people found the following review helpful. Very useful for anyone planning a visit to medieval

CairoBy James KingThe Kindle edition is a very practical version of this classic work. Very useful for anyone planning a visit to medieval Cairo.0 of 0 people found the following review helpful. Great for an indepth look at Islamic monumentsBy CarrieExcellent book for anyone who wants more depth into the Islamic monuments around Cairo. The historical summary and chronology at the beginning is very useful and sets the stage for the rest of the book. Each chapter describes monuments big and small in each area of Cairo. Very easy to read and provides great information.

Cairo's Islamic monuments are part of an uninterrupted tradition that spans over a thousand years of building activity. No other Islamic city can equal Cairo's spectacular heritage, nor trace its historical and architectural development with such clarity. The discovery of this historic core, first visually by nineteenth-century western artists then intellectually by twentieth-century Islamic art specialists, now awaits the delight of the general visitor.This new, fully revised edition of a popular and handy guide continues to walk the visitor around two hundred of the city's most interesting Islamic monuments. It also keeps pace with recent restoration initiatives and newly opened monuments such as the Amir Taz Palace and the Sitt Wasila House."This book ought to be in the luggage of every visitor to Cairo. Furthermore, once home, lovers and students of Cairo's architecture will find it a convenient and accurate quick reference as well as a cherished souvenir of many profitable and enjoyable rambles among the monuments of Cairo."-Jonathan M. Bloom, Journal of the American Research Center in Egypt"Any visitor to Cairo who wants to see the monuments should not be without it."-Bernard O'Kane"Anyone interested in knowing more about Cairo's Islamic architecture should pick up the excellent Islamic Monuments in Cairo: The Practical Guide."-Lonely Planet: Cairo, 1998

This book ought to be in the luggage of every visitor to Cairo.
