**Alexander Knysh : Islamic Mysticism (Themes in Islamic Studies)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Islamic Mysticism (Themes in Islamic Studies):

12 of 14 people found the following review helpful. Sound introduction to Islamic mysticismBy A CustomerThe book provides a general survey of the history of Islamic mysticism (Sufism) since its inception up to modern times. It combines chronological and personality-based approaches to the subject with a thematic discussion of principal Sufi notions and institutions. As a general introduction the volume obviously serves a need. Sufism is examined from a

variety of different perspectives: as a vibrant social institution, a specific form of artistic expression (mainly poetic), an ascetic and contemplative practice, and a distinctive intellectual tradition that derived its vitality from a dialogue with other strands of Islamic thought. The book emphasizes the wide variety of Sufism's interactions with the society and its institutions from an ascetic withdrawal from the world to an active involvement in its affairs by individual, masters and organizations. ISLAMIC MYSTICISM by Knysh is a comprehensive survey of the interesting and fascinating world of Islamic mysticism written for scholars and students interested in Islamic Mysticism, Islamic Studies, Religious Studies and the History of Religions. The work will have to most appeal to students attempting to get a general scholarly grasp on this field as an academic field of inquiry.

The book provides a general survey of the history of Islamic mysticism (Sufism) since its inception up to the present. It combines chronological and personality-based approaches to the subject with a thematic discussion of major Sufi notions and institutions. Sufism is examined from a variety of different perspectives: as a vibrant social institution, a specific form of artistic expression (mainly poetic), an ascetic and contemplative practice, and a distinct intellectual tradition that derived its vitality from a continual dialogue with other strands of Islamic thought. The book emphasizes the broad variety of Sufism's interactions with the society and its institutions from an ascetic withdrawal from the world to an active involvement in its affairs by individual Sufi masters and organizations. This second paperback edition contains a number of corrections and additions. Islamic Mysticism by Alexander Knysh is a comprehensive survey of the fascinating world of Islamic Mysticism that continues to play an important role in Muslim communities world-wide.
