Jennifer Wright : It Ended Badly: Thirteen of the Worst Breakups in History before purchasing it in order to gage whether or not it would be worth my time, and all praised It Ended Badly: Thirteen of the Worst Breakups in History:

3 of 3 people found the following review helpful. A Laugh Out Loud Collection Of Breakups You'll Be Glad Were Not YoursBy CustomerHave you ever had your heart broken so badly you couldnt get out of bed for days and days? Have you ever said such horrible things during a break-up that you still feel guilty? Or do you live a life where you are perfectly in love but secretly find other peoples displeasure entertaining? If you answered yes to any or all of these

questions, this book is for you! Jennifer Wright combines fascinating stories from over a thousand years of history with witty prose and contemporary references. From Nero and Poppaea to the Debbie Reynolds, Elizabeth Taylor, and Eddie Fisher triangle, I laughed out loud more times than I can remember in my bed, at my desk, and on at least three New York City subway lines. I cannot recommend this book more. If you have only one takeaway at the end of reading, just know that no matter how bad a break may be, always be grateful that you never dated Norman Mailer. And, on a personal note, I am forever grateful to this book for my extraordinary discovery that Alma Mahler is my spirit animal. 2 of 2 people found the following review helpful. Impossible not to enjoy this book. By Mary M. Ellis Somebody had recommended this book to me but it took me a while to get to it.. I can't believe I let it sit that long.. I think I was under the impression that it would be a "break up" book and the fact that I'm happily married and far beyond those times would make its less interesting to me.. NOT the case.. What an enjoyable book. The author is witty, intelligent, charming and informed. I LOVE those historical tales that aren't necessarily in your average history book and they abound here.. So interesting and soon many Laugh Out Loud moments while reading.. I've recommended this book to all of my friends. 2 of 2 people found the following review helpful. One word: Fantastic. By Amanda C. From the very first page, I was in love with this book. Jennifer Wright has put together an eclectic selection of breakups that makes anyone who has ever had their heart broken feel relatively sane despite the insanity that probably went through their heads while trying to pick up the pieces of their lives after the fact. Not only does she delve into the historical end of these legends, but she shows another side of them their under belly, so to speak that proves even the greatest of the greats have had their hearts smashed to bits and come out the other side well, OK, not everyone comes out the other side, but that's just the risk you take when it comes to love. Between her sense of humor, her wit, and her originality in how she tells a story, Jennifer Wright nails it. Its not just a great debut from a unique voice, but pretty much the perfect companion for anyone who knows what its like to go through a horrible breakup and that would be all of us. Or at least 98% of us.

A history of heartbreak-replete with beheadings, uprisings, creepy sex dolls, and celebrity gossip-and its disastrously bad consequences throughout time. Spanning eras and cultures from ancient Rome to medieval England to 1950s Hollywood, Jennifer Wright's *It Ended Badly* guides you through the worst of the worst in historically bad breakups. In the throes of heartbreak, Emperor Nero had just about everyone he ever loved-from his old tutor to most of his friends-put to death. Oscar Wilde's lover, whom he went to jail for, abandoned him when faced with being cut off financially from his wealthy family and wrote several self-serving books denying the entire affair. And poor volatile Caroline Lamb sent Lord Byron one hell of a torch letter and enclosed a bloody lock of her own pubic hair. Your obsessive social media stalking of your ex isn't looking so bad now, is it? With a wry wit and considerable empathy, Wright digs deep into the archives to bring these thirteen terrible breakups to life. She educates, entertains, and really puts your own bad breakup conduct into perspective. *It Ended Badly* is for anyone who's ever loved and lost and maybe sent one too many ill-considered late-night emails to their ex, reminding us that no matter how badly we've behaved, no one is as bad as Henry VIII.

From School Library Journal "Happily ever after" did not happen for the 13 couples in this book. Starting with Nero and Poppaea Sabina, winding through the ages to describe the breakups of couples, such as English King Henry II and Eleanor of Aquitaine, and Eddie Fisher and Debbie Reynolds, it is a veritable Who's Who of bad relationships. There are some unbelievable stories here about famous, creative personalities who lived at the edge of society's mores. These rulers, artists, and writers were already larger-than-life, but heartbreak does not distinguish among the rich, poor, and eccentric. Whether their culture tolerated cruelty that was not acceptable in many other time periods (Nero and Poppaea Sabina), condemned homosexuals to a prison sentence or worse (Oscar Wilde and Lord Alfred Douglas), or even tolerated their bizarre behavior (Oskar Kokoschka and Alma Mahler), each breakup left its mark on the individuals involved. For teens who know their history of popular and literary culture, this book will be a light and breezy read. The author peppers comparisons with contemporary figures, which may motivate readers to head to the nearest Wikipedia article to learn more. There are many interesting rumors, facts, and stories here that certainly can encourage further research into the complete history. VERDICT Definitely hand this title to teens who enjoy talking or reading about history. Also consider suggesting to those who have just broken off an important relationship it could certainly provide a fascinating perspective. Connie Williams, Petaluma High School, CA "Wright combines a deep knowledge of her subjects with an abiding love for their depravity; she chronicles their breakups with a wit as sharp as a guillotine's blade." People "The tone intimate, whimsical, smart, and silly at once continues through two millennia of stories of love lost and found... Wright dishes dirt on all of them...with the gleeful irreverence of your wittiest friend recapping a particularly juicy episode of reality television." The Boston Globe "Immensely entertaining... If you've gone through a breakup, stock up on Haagen-Daz, block your ex's number, get drunk with your friends and buy this book." BUST Magazine "This is balm for the brokenhearted: we are laughing! We are learning!... Above all, *It Ended Badly* offers hope: for the late-night drunk texters, the doughnut smashers, and everyone else currently exhibiting bad breakup behavior." Kirkus "Although the 13 stories feature heartbreaking and horrific tales, Wright leaves the reader

with positive and hopeful thoughts on love... The writing fits right in with the work of comedian authors Tina Fey and Chelsea Handler. "Library Journal (starred review) Delightful... funny, irreverent... The book teaches even as it entertains, and applies modern psychology to the behavior of its subjects, providing both amusements and consolation to people likely in need of both. Publishers Weekly (starred review) When it comes to love and desire, conquest is thrilling, revenge is delicious, but does anything really satisfy like schadenfreude? Here, have a heaping plate of it, courtesy of the wittiest writer on the beat. Ben Ryder Howe, author of *My Korean Deli* I took *It Ended Badly* and a bottle of wine to the couch, and I didn't get up until both were finished. Alexis Coe, author of *Alice+Freda Forever: A Murder in Memphis* From Nero's narcissism to Oscar Wilde's heartbreak to Debbie Reynolds drama with Eddie Fisher and Elizabeth Taylor, Jennifer Wright provides an illuminating chronicle of love, heartbreak and everything in-between. It's a must-read for anyone who loves history or a good story, especially when accompanied with a pint of ice cream and romantic angst. And unlike the tumultuous relationships she covers in these pages, you'll be sad when *It Ended Badly* is over. Mary Pilon, author of *The New York Times* bestselling *The Monopolists* Heartbroken? Jennifer Wright has the antidote. A compassionate, dishy, and very funny tour of the unbelievable but true antics of the world's most legendary exes, *It Ended Badly* is the perfect break up cure. You will cry until you laugh. Iris Smyles, author of *Iris Has Free Time* This fantastic book will make you feel so much better about your break ups! Danny Strong, creator, writer, and director of TV's *Empire* About the Author Jennifer Wright is a columnist for the *New York Observer* and the *New York Post*, covering sex and dating. She was one of the founding editors of *TheGloss.com*, and her writing regularly appears in such publications as *Cosmopolitan*, *Glamour*, and *Maxim*. Her breakup cure is gin, reruns of *30 Rock*, and historical biographies. She lives and loves in New York City.
