From Janes Information Group : Jane's Fighting Ships 2007-2008 before purchasing it in order to gage whether or not it would be worth my time, and all praised Jane's Fighting Ships 2007-2008:

6 of 6 people found the following review helpful. The definitive guide to the world's navies!By A FanJane's is the definitive commercial guide to the world's navies. You won't find anything more comprehensive or informative available commercially. It includes photos and drawings of the world's major combat ships as well as providing remarkably accurate details regarding shipboard systems and capabilities. Just about every US Navy ship keeps a copy of Jane's available for reference. Of course for the price it had better be good.

"Jane's Fighting Ships" is your essential reference to the changing capabilities of modern navies and coast guards, their

ships and maritime aircraft in service and under construction. There are authoritative inventories for 164 navies around the world complete with comprehensive details of: displacement and dimensions, main machinery, speed and range, weapons systems and sensors, construction and modernization programs, latest operational status and strength of fleet including sales to other navies. In addition, there is an annual executive overview of naval highlights worldwide, flags and ensigns, ranks and insignia, senior appointments and personnel numbers. This book is intended for: armed forces, defense ministries, maritime SAR organizations, naval training establishments, coastguards, marine police, naval weapons manufacturers, shipbuilders, port authorities, maritime and safety agencies, defense analysts and academics, media.
