From Janes Information Group : Jane's Radar Electronic Warfare Systems 2004-2005 (Jane's Radar and Electronic Warfare Systems) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jane's Radar Electronic Warfare Systems 2004-2005 (Jane's Radar and Electronic Warfare Systems):

0 of 0 people found the following review helpful. great price for huge collection of workBy HammerOnegreat price for huge collection of work. Although it captures state of EW technology earl 2K, much still relevant albeit newer generations with expanded capabilities. Excellent resource if you war-game or build simulations.0 of 0 people found the following review helpful. Four StarsBy Darryl R Stroupmet requirements

This comprehensive guide covers the whole spectrum of surveillance, identification, targeting, control, intelligence gathering and self-protection systems - for land, sea, air and space applications. Each entry contains technical descriptions on the role, format and capabilities, status and specifications of each system, clearly resented for ease of comparison and evaluation. Also includes contractor details to support your procurement and market intelligence requirements. Key contents include: Radar Systems; Fire-control; Surveillance; Navigation; Missile control air defence; IFF and secondary surveillance; Land-based, airborne and naval; Military air traffic control Electronic Warfare Systems; ELINT; COMINT; ECM; Defensive Aids Suites (DAS); Land-based, naval and airborne A subscription to Jane's Radar and Electronic Warfare Systems online not only gives you all of the above with search functionality and a minimum of five-years archive, it also includes monthly updates to ensure you have the latest information available.
