EMBARK ON A JOURNEY THROUGH HISTORY! Keeping track of the people, events, and dates that shaped history can be difficult. With this fun, comprehensive, and engaging timeline that employs an easy to follow format and vibrant illustrations, students will have the help they need to track the chronology of the story of civilization. This timeline mirrors the scope of The Story of Civilization: The Ancient World text book, beginning with the early nomads and running to the conversion of Emperor Constantine. Within these bookends, children will be introduced to the pharaohs of Ancient Egypt, Greek inventors and philosophers, Spartan warriors, the famous figures of the Old Testament, infamous Roman Emperors, and the Holy Family.A fun Timeline Trivia section can be found on the back for students to test their knowledge! Other features include:Flexible laminated format36 x 18 size when unfolded 9 x 9 when folded up Easy to follow structure40+ illustrationsCovers over 75 major events and people

About the AuthorChris has worked as a staff artist, art director, and creative director on a wide range of commercial projects across an even wider range of industries. He currently provides design and illustration on a freelance basis, and has over thirty years of experience creating and delivering winning solutions to clients worldwide. His background is as a commercial illustrator with a concentration on designing artwork to appear on the printed page. He has designed and illustrated over a dozen books serving the needs and interests of both children and adults. His ability to combine various illustration and design styles makes him a strong creative problem solver. Chris is often called upon by clients to help them create new products and visualize upcoming business events. Chris works hard and derives a deep satisfaction from successful creative solutions.
