feel like this activity book doesn't add that much and is actually a little complicated. My third grader had a lot of trouble figuring out what they were asking for on many pages, and I agreed. I like having something to review the material with, but this wasn't that great...0 of 0 people found the following review helpful. Accurate and amazing!By leesa potnickThe recounting of history in this story based format is wonderful. My homeschoolers are eager to hear what happens next and remember huge chunks of history because of the simple, yet thorough breakdown. Highly recommended for every homeschooling family teaching history.

Build a model of the Crystal Palace, make Ned Kelly's armor, and color and construct a timeline of the Modern Age...don't just read about historyexperience it! This comprehensive, 8.5" x 11" curriculum guide and activity book contains map activities, coloring pages, games, projects, review questions, cross-references to illustrated encyclopedias, and extensive book lists. Children and parents love the activities, ranging from cooking projects to crafts, board games to science experiments, and puzzles to projects. Each Story of the World Activity Book provides a full year of history study when combined with the Textbook, Audiobook, and Testseach available separately to accompany each volume of The Story of the World Activity Book. Activity Book 4 Grade Recommendation: Grades 3-8. Illustrated throughout with black-and-white drawings and maps
