If you're looking for a biography or seerah you will not find it in this book, however it contains short extracts of touching incidents and insightful lessons from the Prophet's (pbuh) life . A lovely gem to treasure forever0 of 0 people found the following review helpful. This book draws practical lessons from the example of Allahs Messenger (peace be upon him). In sha Allah, by emulating the Prophets noble legacy and that of the Companions the men and women he nurtured we are certain to find solutions to lifes challenges. We have a sun, and the horizons have a sun. My sun [the Prophet] rises after nightfall. The suns of the ancients have set, while our sun Will always be above the high horizon and will never set. Aishah (may Allah be pleased with her)
